## COUNCIL MINUTES

August 13, 2018

The Florissant City Council met in regular session at Florissant City Hall, 955 rue St. Francois on Monday, August 13, 2018 at 7:30 p.m. with Council President Caputa presiding. The Chair asked everyone in attendance to stand and join in reciting the Pledge of Allegiance.

On Roll Call the following Councilmembers were present: Jones, Eagan, Caputa, Schildroth, Henke, Pagano, Parson, Siam and Harris. Also present was City Attorney John Hessel and City Clerk Karen Goodwin. A quorum being present the Chair stated that the Council Meeting was in session for the transaction of business.

Councilman Schildroth moved to approve the Meeting and Executive Minutes of July 23, 2018, seconded by Jones. Motion carried.

Council President Caputa moved to amend the Agenda to move Resolution No. 1005 to the next item on the Agenda, seconded by Pagano. Motion carried.

Council as a Whole introduced Resolution No. 1005 A Resolution of the City of Florissant honoring Mayor Robert G. Lowery, Sr. for his 50 years of service to the City of Florissant and surrounding communities and said Resolution was read for the first time. Councilman Caputa moved that Resolution No. 1005 be read for a second time, seconded by Pagano. Motion carried and Resolution No. 1005 was read for a second time. Councilman Siam moved that Resolution No. 1005 be read for a third time, seconded by Henke. On roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Having received the unanimous vote of all members present Resolution No. 1005 was read for a third and final time and placed upon its passage.

Before the final vote all interested persons were given an opportunity to be heard. Being no persons who wished to speak, on roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Whereupon the Chair declared Resolution No. 1005 to have been adopted.

Members of the Lowery family were in attendance to accept the resolution. Chief Tim Lowery thanked everyone for their support and kindness during a very difficult time. Mrs. Carole Lowery also expressed her gratitude for the many condolences received by the Lowery family. Mayor Schneider informed the audience that a plaque honoring Mayor Lowery would be placed on the “Walk of History” on rue St. Francois in September. Mayor Schneider, Councilmembers and the City Attorney all expressed sincere sentiments about their memories of Mayor Lowery. Councilman Schildroth read a heartwarming and humorous statement about his friendship and professional relationship with Mayor Lowery. Councilman Caputa requested a moment of silence honoring Mayor Lowery.

The next item on the Agenda was Hearing from Citizens.

Jean Haase, 2503 Soundview Ct., expressed her views and asked several questions concerning the proposed digital sign at Koch Park. She was especially concerned about the distraction a digital sign would cause to drivers at a very busy intersection.

Matt Sanders, 50 St. Benedict, stated that there will be a “St. Baldrick’s Night Out” which will be held at McAlisters Deli in Florissant on September 6<sup>th</sup> from 4-9 pm.

The next item on the Agenda was Communications of which there was none.

The next item on the Agenda was Public Hearings.

The City Clerk reported that Public Hearing #18-08-026 to be held this night on a Request to issue an amendment to B-5 Ordinance No. 8251 to HZ Props Re, LTD d/b/a Popeye’s to allow for changes in the development plan in an existing B-5 Zoning District including site and material changes for the property located at 955 N Hwy 67 had been advertised in substantially the same form as appears in the foregoing publication and by posting the property. The Chair declared the Public Hearing to be open and invited those who wished to be heard to come forward.

Edin Coralic, petitioner and architect, explained that Popeye’s was requesting an amendment to B-5 Ordinance No. 8251 in order to change the materials on the building and also change paving issues that have deviated from the original ordinance.

Mr. Coralic explained the series of events that led to the changes:

The original architect who began the Popeye’s development and had obtained the original ordinance, left without completing the project. At the same time, the leadership at Popeye’s changed. Mr. Coralic’s firm was hired, at this point, as the new architect and was unaware of the existence of an ordinance. He submitted the building permits for review and they were approved by the City. Mr. Coralic added that the city, at the time the permits were approved and issued, missed the fact that the

64 architect had not complied with the brick requirement in the ordinance. After the building was  
65 constructed, a conditional commercial occupancy permit was issued by the city. It was at this point that  
66 the city discovered that Popeye's had not complied with the ordinance. Mr. Coralic fixed all but two  
67 of the items, the brick and the right-of-way of the drive at the rear of the property.

68 Councilman Henke stated that he was under the assumption that the drive at the rear of the  
69 property had a recorded access agreement and connected to Mr. Cancila's property to the north. Mr.  
70 Coralic stated that he was told by MODOT, in a signed document, how the access drive should flow  
71 and which would include an 18" barrier/curb.

72 Mr. Hessel felt that Mr. Cancila's attorney, who was in attendance this evening, should be  
73 consulted before the Council made a decision. He added that the cross-access agreement was a private  
74 matter between the developer and the Cancila family. Any site plan the city approved must be  
75 consistent with the recorded plat.

76 Kevin Williams, attorney, and Tony Cancila appeared before the Council representing the  
77 Cancila Family. Mr. Williams clarified that he has been involved with this development from the  
78 beginning and had negotiated this agreement with Popeye's over a 6 - 8 month period. The purpose of  
79 the agreement was to allow access through what had been an access for the body shop in the rear. The  
80 agreement provides that at all times vehicles are to be able to move to/from Lindbergh and nothing be  
81 built in this cross-access area specifically that would prevent this movement. Two years ago that  
82 agreement was recorded at St. Louis Co. by the developer and Popeye's was fully aware of the  
83 recording. He displayed several pages of the recorded agreement which showed the area not to be  
84 blocked. The only paper work that the Cancila Group has seen from MODOT was that they might  
85 have had a preference for a circular pattern which does not conflict with the access point in question.

86 In response to Councilman Eagan's question, Mr. Coralic stated that Popeye's did not build  
87 "whatever it wanted." They constructed the building according to the building permits that were  
88 approved and issued by the City. The petitioner stated that during plan review by staff, the difference  
89 between EIFS and brick should have been obvious and caught at that point. He should have been told.

90 Mr. Lum appeared before the Council. He stated that Mr. Coralic did not have all the  
91 information needed when he inherited this project. There was also information the City did not have,  
92 including the fact that there existed a recorded cross access agreement. The cross-access was not on the  
93 site plan.

94 Councilman Parson expressed his concern regarding the entire process of this development. He  
95 agreed that the city should not come between the private arbitration of Popeye's and the Cancila  
96 property but an agreement needed to be reached. In regard to the brick, he stated that the city has an  
97 ordinance and although Mr. Coralic was not the initial architect, he was now responsible for complying  
98 with that ordinance to the Council's satisfaction. To this point he has heard no solution to the problem  
99 other than "leave it as it is." This was not acceptable to Councilman Parson.

100 The petitioner stated that he had reached out to his structural engineer who informed him that it  
101 was structurally impossible to redo the building in order to add brick. Mr. Coralic presented a letter  
102 from the structural engineer explaining the technical reasons as to why the building could not be  
103 bricked. Thin brick was suggested, but that does not comply with the city's ordinance. In order to  
104 comply with the brick ordinance, they would have to level the building and rebuild it.

105 Councilman Parson asked the petitioner if "thin brick" had been discussed with Mr. Lum. Mr.  
106 Lum stated that although the "thin brick" might be an aesthetic solution, it was heavier than EIFS and  
107 could be a structural problem when used too high on the building.

108 Councilwoman Pagano stated that the brick requirement was stated in the first line of the  
109 ordinance and questioned how it could have been missed. She added that at the original public hearing,  
110 the petitioner had brought in a sample of the brick to be used. Ms. Pagano asked why the second  
111 architectural team did not come to the city and ask if there were any existing plans or ordinances. Mr.  
112 Coralic stated that he did submit his plans for review by the city. The plan reviewer missed the absence  
113 of brick and approved the plans.

114 Mr. Hessel explained that the petitioner *did* submit plans and they were approved by the city.  
115 Plan review was not coordinated through the ordinance. The question is now who was responsible for  
116 ensuring that the ordinance was adhered to when the plans were approved. Mr. Hessel stated his  
117 opinion was that both the city staff and the petitioner were at fault. He encouraged Mr. Lum to contact  
118 MODOT and address the easement issue before the next meeting.

119 The Chair asked if there were any citizens who would like to speak on said public hearing.  
120 Being no citizens who wished to speak, Councilman Henke moved to postpone P.H. #18-08-026 to  
121 9/10/18, seconded by Eagan. Motion carried.

122 The City Clerk reported that Public Hearing #18-08-027 to be held this night on a Request to  
123 authorize an amendment to Special Use Permit No. 8223 to Grace & Mercy Adult Program II, LLC  
124 d/b/a Grace and Mercy Adult Program to allow for the addition of an adult day care to a Banquet/Event

Center in a B-3 Zoning District for the property located at 11 Patterson Plaza Shopping Center had been advertised in substantially the same form as appears in the foregoing publication and by posting the property. The Chair declared the Public Hearing to be open and invited those who wished to be heard to come forward.

Juanita Gullet, petitioner, explained that there is currently a banquet center at that location on the weekends, but is vacant through the week. She would like to use the facility for an adult day program during the hours of 7am-4 pm, Monday through Friday. She and Sandra Dulick are equal partners with Metropolitan Clubhouse and they would like to utilize the building during the day time. The property manager has approved their request.

Councilman Caputa stated that he was surprised by this request because no one had contacted him. In response to his question, the Ms. Gullet stated that there would be medicine on the site and they will have a staff RN on site. She further explained that if Florissant approved the request, the State would then come in for an inspection. Once approved, the State would issue them a license. All three rooms would be used. Mr. Caputa stated that the existing Special Use Permit stated that the hours of operation were from 7 am until 1 am.

Although the facility is equipped to have 200 adults, they are hoping to eventually have about 132 in the day care plus approximately 7 staff to be hired. They have contacted the County and State Health Departments for food serving guidelines and are planning on catering the meals. State certifications are required for food also.

In response to Councilman Eagan's questions, the petitioner stated that on Friday evenings, hired staff will breakdown all the furniture/games and move them into storage. They will then set up for the weekend events. There are currently 3 restrooms on site. Councilman Eagan asked if that would be enough for the maximum amount of day care clients. The petitioner stated that they will follow exactly whatever requirements that the state demands regarding restrooms.

Councilman Jones asked the petitioner where the medication will be stored when there are weekend events. Ms. Gullet noted that all the patients take their prescription medications with them. The facility will store only ibuprofen, aspirin, etc. The petitioner responded that the nurse will monitor and secure the medication away from the weekend events in a safe. One of the rooms will be dedicated for storage which is located at the rear of the second room. They are currently in negotiations to obtain an additional room (No. 17), which will be used entirely for storage.

155 In response to Councilman Henke's question, the petitioner stated that the clients/adults go on  
156 day trips, take computer lessons, engage in activities and sign up for various classes. The facility is  
157 used more for socialization and interaction. The State tells them what type of patients they are  
158 allowed to accept and what requirements are demanded for each level of care. They must follow the  
159 guidelines.

160 The Chair asked if there were any citizens who would like to speak on said public hearing.  
161 Being no citizens who wished to speak, Councilman Eagan moved to postpone P.H. #18-08-027 to  
162 8/27/18 until the petitioner submitted additional information, seconded by Pagano. Motion carried.

163 Councilman Pagano moved that Bill No. 9404 An Ordinance authorizing an appropriation of  
164 \$21,122 from the Park Improvement Fund to Acct. No. 61440 "Capital Outlay" for the purpose of  
165 funding a digital sign for the JFK Community Center be read for a third time, seconded by Henke.  
166 Motion carried and Bill No. 9404 was read for a third and final time and placed upon its passage.

167 Before the final vote all interested persons were given an opportunity to be heard.

168 Ben Hammond, 1620 Florissant Park, stated that there was a considerable amount of  
169 information that the residents do not have about the proposed signs. In regards to the "bundled  
170 savings" that the City will receive for purchasing all three signs together, does anyone know what that  
171 amount is? He questioned the safeness of the digital sign. Finally, Mr. Hammond stated that a poll on  
172 social media in which 500 people opposed spending money on this sign. Less than 20 were in favor of  
173 the sign. He felt that there were more effective ways to increase communication rather than a digital  
174 sign.

175 Robert Smith, 2823 Chapelview, stated that there was a considerable amount of community  
176 concern about the cost of the signs and a lack of information about them. Many residents felt that the  
177 pool at Koch Family Aquatic Center was more important than a sign.

178 Kristen Korte, resident, expressed her concern regarding the lack of things for the younger  
179 generation to do in Florissant. She stated that young people don't move into the city because of a  
180 digital sign. They come for things for their families to do.

181 Alan Lazis, Rosemary Ct, stated that he would prefer a pool rather than a digital sign.

182 Councilman Harris expressed his reservations about the proposed sign at the JFK Community  
183 Center. He stated that when the bill was introduced at the last Council meeting, he asked several  
184 questions that were not adequately addressed. Furthermore, as more residents became aware of the  
185 appropriation, they overwhelmingly expressed their dissatisfaction with the sign. Their concerns

centered specifically on safety and the funding from the Park Improvement Fund. He noted that the sign code had yet to be updated to reflect digital guidelines for signs which he hoped, when completed, would address safety concerns.

Councilman Harris read a letter which suggested that staff study safety hazards presented by digital signage and work to update the Sign Code. He also suggested initiating a process to determine the needs of the city's park infrastructure including extensive citizen input. This process would include multi-year and long term planning for prioritizing park improvement fund spending as to what the community expects. Councilman Harris read and requested his letter, dated 8/13/2018, be made part of the minutes.

Councilman Parson stated that initially the Council was to bid the three signs as a unit so that they would receive a discount. The request for bids was put out by the city and the city chose the lowest bidder who had considerable experience with installing signage. One of the three signs was for the new court building which was already included in the budget. The sign at the Police Department was to be paid for by Asset Forfeiture Funds. Councilman Parson was concerned that if JFK was not included and the other two signs were re-bid, any financial benefit would be lost. Although he supports this bill, he does share the residents' concerns regarding safety and digital signs. He quoted segments from several studies regarding digital signs and said he supported restrictions on digital signs. Also, as Councilman Harris stated earlier, he thought the city should look into St. Louis County contributing to the sign.

Again, Councilman Harris asked if the City knew the amount of the savings to be had by bundling the three signs.

Councilman Jones stated that he supported the sign as a way to reach out to the public. Many businesses and schools in the area already have installed them.

Councilman Schildroth asked Councilman Harris if he would support the sign if St. Louis County assisted in funding it. At the same time, he stated that since St. Louis Co. funding for street repair had been cut, he doubted that they would be willing to fund Florissant's signage.

Councilman Parson felt that funding from St. Louis Co. should at least be looked into no matter how low the amount, if any, as a matter of due diligence.

Being no other citizens who wished to speak, on roll call the Council voted: Jones yes, Eagan yes, Caputo yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris no. Whereupon the Chair declared Bill No. 9404 to have passed and became Ordinance No. 8433.

Councilman Eagan moved that Bill No. 9406 An Ordinance to allow the change in the color of painted brick for the property for Auto Body Repair of America (abra) located at 8300 N. Lindbergh be read for a second time, seconded by Harris. Motion carried and Bill No. 9406 was read for a second time. Councilman Eagan moved that Bill No. 9406 be read for a third time, seconded by Pagano. Motion carried and Bill No. 9406 was read for a third and final time and placed upon its passage.

Before the final vote all interested persons were given an opportunity to be heard. Being no citizens who wished to speak, on roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Whereupon the Chair declared Bill No. 9406 to have passed and became Ordinance No. 8434.

The next item on the Agenda was Board Appointments.

Councilman Schildroth moved to reappointment Paul Smith, 1110 St. Bernadette, to the Citizens Participation Committee as a member from Ward 5 for a term expiring on 8/14/19, seconded by Eagan. Motion carried.

Councilman Siam moved to approve the request to keep 4 hens for Rachel Scholl located at 1625 Fairmont Drive, seconded by Henke. Motion carried.

Councilman Caputa moved to remove Bill No. 9408 An Ordinance to authorize an amendment to Special Use Permit No. 8223 to Grace & Mercy Adult Program II, LLC d/b/a Grace and Mercy Adult Program to allow for the addition of an adult day care to a Banquet/Event Center in a B-3 Zoning District for the property located at 11 Patterson Plaza Shopping Center, seconded by Eagan. Motion carried and Bill No. 9408 was removed from the agenda.

Councilman Caputa introduced Bill No. 9409 An Ordinance authorizing a transfer of \$5,000 from Acct. No. 01-5-06-26000 "Golf Course Utilities" to Acct. No. 01-5-06-30000 "Golf Course Equipment Repairs" for various equipment repairs to maintain current equipment and said Bill was read for the first time. Councilman Schildroth moved that Bill No. 9409 be read for a second time, seconded by Caputa. Motion carried and Bill No. 9409 was read for a second time. Councilman Schildroth moved that Bill No. 9409 be read for a third time, seconded by Pagano. On roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Having received the unanimous vote of all members present Bill No. 9409 was read for a third and final time and placed upon its passage.

Before the final vote all interested persons were given an opportunity to be heard.

Robert Smith, 2823 Chapelview Dr., stated that there was no financial report on the city's website regarding the Golf Course Acct. for July. He asked if they would be needing more than \$5000 in the future and how much was left in the account.

Councilman Eagan stated that the City had hired a new finance director and the entire finance department was "playing catch-up."

Being no other persons who wished to speak, on roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Whereupon the Chair declared Bill No. 9409 to have passed and became Ordinance No. 8435.

Councilman Caputa introduced Bill No. 9410 An Ordinance authorizing an appropriation of \$12,000 from the General Revenue Fund to Acct. No. 4110 "Salaries" and \$6,000 to Acct. No. 4113 "Benefits" to provide for a full time custodian position for the new court building and police annex and said Bill was read for the first time. Councilman Caputa moved that Bill No. 9410 be read for a second time, seconded by Henke. Motion carried and Bill No. 9410 was read for a second time. Councilman Pagano moved that Bill No. 9410 be read for a third time, seconded by Eagan. On roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Having received the unanimous vote of all members present Bill No. 9410 was read for a third and final time and placed upon its passage.

Before the final vote all interested persons were given an opportunity to be heard.

Robert Smith, 2823 Chapelview Dr., questioned why the custodian would be full time when, at the April Work Session, it was decided that a part time custodian would be sufficient until FY 2019.

Being no additional persons who wished to speak, on roll call the Council voted: Jones yes, Eagan yes, Caputa yes, Schildroth yes, Henke yes, Pagano yes, Parson yes, Siam yes and Harris yes. Whereupon the Chair declared Bill No. 9410 to have passed and became Ordinance No. 8436.

The next item on the Agenda was Council Announcements.

Councilman Siam announced that there will be a Ward 9 Neighborhood Watch Meeting on Aug. 14 at 7 pm at the JJE Center. He encouraged all residents to attend.

Dear City Council,  
I am writing in regards to the digital signs the city wants to purchase.

I simply want to ask that you reconsider spending this large sum of money on signs when there are other, much more important matters the city could be spending that money on.

I personally do not feel the need for these expensive signs. I barely have time to read the one at the Eagan Center when I pass by it, like many other digital signs. The only one I ever really have time to read is at Dierbergs as I sit in traffic and see their sales, which sometimes does get me to turn into their lot.

To me, that's strategic planning, put a fancy sign up where traffic is clogged up half the time, and an entrance to the parking lot. The thing is, you don't have that ability to take your time and read the signs at the locations listed for the ones the city wants to buy, and the city almost never has a good sale on hamburger. :) Seriously, I just don't see the need for all of this money being spent on signs people don't have time to read.

The only sign I feel needs replacing is the new court building that still had the bowling pin on it the last time I drove by, but even that sign doesn't need to be fancy.

I would be more interested in spending that money on new playgrounds, or saving it and putting it towards dealing with Koch pool, or something more useful to the residents. I can't speak for all residents, but I know many probably wouldn't look at a big fancy sign and say "WOW! That makes Florissant an even better city!"

I thank you for your time, and your efforts around town. It's great to see such an active council, but I just ask that this third vote on the signs be a "NO"

Thanks,  
Jeff Cook

The one at the intersection of Shalesford & Lindsay is a NO brainer. Why cause so many folks going thru that intersection at over the limit to look anywhere else while on their cell phones explaining why they are late ???

C'mon man !!!!

And on Lindbergh ? Again, is spreading what ever knowledge there is worth more accidents ? Right in front of the Police station ? I know they will save \$\$ in gas going to the accident scene, but why give some desk jobs the experience of fatal accidents or worse ? I can think of some bad ideas, but these 2 top the list. And the expense !!! Damn, buy another patrol car or higher another officer !

I guess most won't read this, but again, DAMN, can't you folks dream up something that won't harm people and also save some \$\$\$\$ ???

**Subject:** Clarification on JFK sign

Good evening,

First, thank you all for your service to the City of Florissant and for being present at nearly every event.

I'm hoping some clarification can be made during the August 13th Council Meeting with regard to the proposed digital signage. I know there have been many concerns voiced by residents and am also aware that there will never be a time when 100% agree on how funds should be spent. Having said that, the following are questions which were all brought up at the previous meeting 3 weeks ago, so I'm hoping these can be answered without difficulty.

1. Why is the sign for JFK > expensive than the one for PD, when they appear to be identical (at least on paper)?
2. Was there any consideration to St. Louis County cost-sharing (as was done between St. Peter's Rec Plex and St. Charles County)? If so, what was the outcome?
3. Would the bids increase for the 3 signs if un-bundled? And, if so, by how much?

Thank you,

Dear Council,

I am writing regarding the sign proposed for Koch Park. I am excited that Florissant is moving forward with advertising and attempting to communicate with residents about events in this new, exciting way. However, I am disappointed by the \$21,000 in additional revenue that the council is asking be allotted on top of the \$30,000 already budgeted. In addition, the fact that simple questions about the signage cant be answered is a frustration. I would like to see Council explore other avenues to support this sign financially rather than continuing to drain the already hemorrhaging parks department. Florissant will have nothing to advertise soon if we can not manage an appropriate budget and have amenities that bring young families to the area. I am concerned about the blatant misuse of parks funds and the lack of maintenance that caused Koch's issues. Moving forward, I would love to see a strategic plan for spending for parks departments.

Thank You,

**Subject:** Concern regarding the JFK sign & appropriation of funds

I appreciate all of your hard work on the council - trying to make Florissant the best city to live in and raise a family. As a citizen I do not have access to all the information as the council, I am aware of this fact. However, I am concerned the council does not seem to have much information on the benefit of the electronic signs, particularly the one to be out at JFK. Even at the stoplight at Eagan I rarely have time to read the electronic sign, and the location at JFK seems less than ideal to gather any information. There are so many other ways to communicate with the community, through the city's Facebook page, Twitter, NextDoor, mobile alerts that community members can sign up for. I understand the need for the sign at the Police Station on Lindbergh, as a main thoroughfare, and even the one at the new justice center. However, the JFK signs seems to be a poor use of the city's money and just plain fiscally irresponsible. Someone else raised these 3 questions below, and I agree these need to be answered before a yes vote on the appropriation of the \$31 from the PIF, for the JFK sign.

1. Why is the sign for JFK more expensive than the one for PD, when they appear to be identical (at least on paper)?
2. Was there any consideration to St. Louis County cost-sharing (as was done between St. Peter's Rec Plex and St. Charles County)? If so, what was the outcome?
3. Would the bids increase for the 3 signs if un-bundled? And, if so, by how much?

The bid did not seem to indicate a discount that I could see. Also, if it is only \$100-300 dollars, is it worth it when the money could be used/saved for other PIF issues that arise or recommendations that the Parks & Rec commission have brought forth.

Thank you for taking the time to read my email.

Dear City Council,

I'm writing to simply ask that you reconsider spending this large amount of money on signs when there are other, much more important matters the city could be spending that money on.

I do not see the need for these expensive signs. Since you are driving past the signs you don't have that ability to take your time and read the signs at the locations listed. Most people won't have enough time to read it or it may cause a traffic hazard from trying to read the signs.

No one has explained what benefit these signs will bring other than notifying residents of upcoming event and announcements, but you can probably reach more residents via social media than these signs. Also, isn't there is a newspaper that is sent to all residents that has upcoming events and announcements.

I would be more interested in spending that money on new playground features (especially handicap accessible), saving it and putting it towards future park maintenance needs, towards revitalizing our current pool area or even towards the new pool plan. While \$51,000 will not build a new pool, I'm sure it can help.

I realize \$30,000 has already been allocated towards the sign and you are voting on the remaining \$21,122 to be pulled from the parks fund. However, I'm suggesting that you all vote NO and reallocate the funds towards something more useful for the city.

Thank you for your time!

#### **I. PROJECT DESCRIPTION:**

24

25 This is a Request for Recommended Approval for a Special Use at **11 Patterson Plaza**,  
26 to amend a Special Use at **11 Patterson Plaza** to allow for the addition of an Adult Day  
27 Care to a Banquet/Event Center in an existing 'B-3' Zoning District.  
28

29

#### **II. SITE CONDITIONS:**

30 The existing property at **11 Patterson Plaza** is an existing Shopping Center built in 1965  
31 according to County records.  
32

33 The existing property is currently occupied by several tenants. The site meets the  
34 definition of a Shopping Center having two or more establishments under separate  
35 management.  
36

37 The subject property has two buildings which are an approximate 50'x 360' strip center  
38 and a retail facility (formerly Nagle's) approximately 120'x130' feet the total area of  
39 both building is approximately 33,600 square feet and constructed of masonry. The walls  
40 of the buildings have aluminum and glass storefront, with brick and flat roofs.

The number of existing parking is derived from aerial photos and appears to be (252). Per the parking ordinance for this use a retail center containing less than 100,000 s.f. requires 4 spaces/1000 s.f. Required parking is estimated:  
11 Patterson Plaza Event Center Parking: 1 parking per 4 seats, estimated 50  
18 Patterson Plaza BBQ: 10  
20 Patterson Plaza Dance Studio: estimated 26  
All other s.f.  $4/1000 = 64$   
Total estimated  $64+86 = 150$  total

### III. SURROUNDING PROPERTIES:

The properties to the North and East are in an 'R-4 Single' Family Dwelling District and include 2190 Patterson, 530, 550, 560, 580 Wren, 505 Humes, 2085, 2095, 2125, 2135, 2145, 2145, 2155, 2165 Rivoli and the adjacent Gas Station in the Southwest corner of the site, 2020 Patterson, is in a 'B-3' Zoning District.

### IV. STAFF ANALYSIS:

Special Uses for this zoning district includes Adult Day Care and Assembly Hall.

The application is accompanied by a revised floor plan showing 3 gathering spaces with overall dimensions of 40' x 86' approx. = 3440 s.f. noted as Assembly Hall Use with no changes in plan expected.

The applicant indicates a hall for hire type business only with no cooking equipment.

No exterior changes to the site are anticipated. No outside equipment is anticipated.

Now new signage is proposed, therefore signs must meet 40 s.f. max. size requirement.

Occupant Load: The architectural plan shows one room with 11 tables and the other 2 rooms have 6 tables of 6 people. This would result in 138 plus staff. The building code would require a maximum of occupants pertaining to the area of the space, however, which could be a different number based on tables/chairs or without tables or chairs. Therefore the total number of occupants likely is up to 200 per the building code for the same table/chair arrangement.

## MEMORANDUM

### CITY OF FLORISSANT- BUILDING DIVISION

*"Preserve and improve the health, safety, and welfare of our residents, businesses and the general public in the City of Florissant; while at the same time maintaining property values and improving the quality of life in the City of Florissant."*

**Memo To:** Council Members

**Date:** July 25, 2018

**Copy:** Mayor Thomas P. Schneider  
Todd Hughes, P.E., Director of Public Works

**Through:** Karen Goodwin, City Clerk

**From:** Philip E. Lum- AIA, Building Commissioner

**Subject:** 11 Patterson Plaza, proposed Adult Day Care Public Hearing for Metropolitan Events, LLC.

For your information, after review of ordinance no. 8223, I report the following- The P&Z Application states that the presenter is Ms. Juanita Gulley, the Owner's Agent. The petitioner is listed as Sonja Dulick, who currently has ordinance 8223 for Metropolitan Events, LLC.

- Ms. Gulley testified at P&Z that the current use of the Event Center is only on weekends.
- Ordinance No. 8223, however, states hours of operation of the Event Center as 7 days a week 7 a.m. to 1 a.m.
- The petition states that an Adult Day Care is requested M-F, 7 a.m. to 4 p.m.
- P&Z recommended approval, largely based upon the testimony of the petitioner that there were no conflicts anticipated.
- FYI, a State License is required to operate an Adult Day Care from DHSS requirements:
  - Licensure type, with or without Disabilities, Alzheimers patients, etc.
  - Auditing of Medicare payments
  - Staffing, including background checks
  - Program Policies
  - Fire Safety and Physical Environment
  - <https://health.mo.gov/seniors/nursinghomes/pdf/ADCProgramManual.pdf>

Obviously, there is a conflict in hours of operation and these activities cannot operate simultaneously in the same space. If a motion to approve is made, Staff recommends that the hours of operation be adjusted in ordinance no. 8223, in order to coordinate both operations.

I am respectfully requesting the transfer of \$15,000 from the Park Improvement Fund "Park Pavement Repairs" Account (5-09-514700) to the Park Improvement Fund "Building Maintenance and Repairs" Account (5-09-29000) for the purpose of supplementing various building repairs that need to be done.

We have had to do a considerable amount of unexpected repairs from this account such \$10,000 in boiler repair at JFK, replacing a hot tub water heater, and a number of repairs close to \$6,000 for the aging Zamboni machine. Thus, this account will not be able to fund the purchase of a new hot water heater for the Eagan Center which may be close to \$10,000.

**PLEASE NOTE:** This is not a request for an appropriation of additional funds, but simply a transfer within these two General Fund Golf Accounts.

Please advise if additional information is required. Thank you for your consideration.

Subject: Budget Transfer for Building and Equipment Maintenance

Due to higher than forecasted expenditures the Building Maintenance and supplies account and the Equipment Repairs – Vehicles account need more money to cover anticipated repair costs. The higher costs to the Building Maintenance account include \$5,000 for an elevator repair and \$11,000 to replace a heat exchanger. The higher costs for the Equipment Repairs account include approximately \$5,000/month for Auto parts, \$5,000 every two months to Danmark Tire, \$3,000 for repair to the emergency generator, \$3,200 to attempt to repair a Chevy hybrid pick up, and approximately \$4,000 in repairs to the police motorcycles.

**Therefore, I respectfully request that \$40,000 be transferred from Capital Improvement Fund Account 03-5-03-52000 – Street Contracts. Of that \$40,000, \$10,000 is to be transferred to Account 03-5-03-29000 – Building Maintenance and supplies and \$30,000 is to be transferred to Account 03-5-03-30010 –Equipment Repairs - Vehicles.**

Thank you in advance.

Respectfully submitted,

Director of Public Works and Health

Copy: Kimberlee Johnson

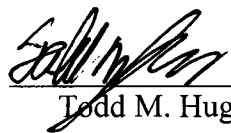

Subject: Sewer Lateral Fund

Recently the City and Metropolitan St. Louis Sewer District took part in a joint venture. The Fair Project installed sewer lateral backup prevention devices on several residences within the City. This appropriation is a house keeping item to account for that project.

**Therefore, I respectfully request that \$210,910.00 be appropriated from Sewer Lateral Revenues to Account 04-5-80-50010 - Professional Services.**

Thank you in advance.
