APRIL 9, 2018

2018 ELECTRONIC RECYCLE EVENT

Pictured above are employees from MRC loading up recycle items that were received on the day of the electronic recycle event. Close to 50,000 pounds of recycle items were received.

Mayor Thomas P. Schneider is pleased to announce that this year's electronic recycle event was once again an overwhelming success. An overflow of people came to the event to recycle electronic devices which included TVs, computer equipment, stereos and household appliances.

The event was held Saturday April 7th in St. Ferdinand Park at the rear parking lot. The Mayor appreciates all of the residents that came out and would like to thank Midwest Recycling Center for co-sponsoring the event. Midwest Recycling Center staffed the event with their employees and provided the necessary equipment which helped make this event another success.

Adjustments to this popular event will be made to accommodate the ever increasing popularity of this environmentally friendly recycling event which is another demonstration of Florissant's commitment to preserving our environment.

Don't forget on Saturday, April 21st is the 7th Annual Free Document Shredding Day which will also be held at St. Ferdinand Park- rear parking lot from 9:00 a.m. to 12:00 noon. We timed this just right to pitch those unneeded tax documents safely.
