

Valley of Flowers Festival May 4, 5 & 6 "Valley of Flowers Celebrates the Muny's 100th"

Since 1963, the Valley of Flowers Festival celebration has been the "first festival of spring" featuring a variety of events, including a superb parade!

This three-day celebration has activities for everyone. It includes a flower and plant sale, culturally diverse performances, baseball games, a classic car show, vendor/craft fair, flea market, a pretty baby photo contest, children's activities, and of course good food. (See related articles throughout this paper). Carnival games and exciting rides are featured at the Duchesne Knights of Columbus Fairgrounds.

The official parade on Sunday, May 6 is a highlight of the weekend that leads up to the crowning of the Valley of Flowers Queen and Court at the Duchesne Knights of Columbus Pavilion. This year's parade will feature more than 100 participants beginning with mobile units departing from the James J. Eagan Center at 1:45 p.m. Decorated vehicles and floats will proceed west on Parker Road to New Florissant Road where youth and walking units, as well as the marching bands will merge. The complete parade will then travel south on New Florissant prior to turning west on rue St. Francois past the official parade reviewing stands, then left on St. Ferdinand, proceeding then to Washington Street and concluding at the Knights of Columbus Fairgrounds. The theme for the 2018 Valley of Flowers Parade is "Muny's 100th" and will feature many floats and units decorated to reflect themes of the Muny's plays which have taken place over the last 100 years. Many City officials and

local municipal emergency responder vehicles, the Valley of Flowers reigning Queen and Court, and all seventeen 2018 Candidates as well as car clubs, walking units, horse groups, dog clubs, dance schools and scout groups, that make up the fabric of our community, will participate to help create a colorful and fun parade!

When the parade concludes at the Knights of Columbus Grounds, the Candidates will proceed to the pavilion stage where Mayor Thomas Schneider will crown the 2018 Valley of Flowers Queen and Court at 4:00

p.m. Prior to the crowning ceremony, awards will be presented to the various winning parade units and their sponsors, and the Pretty Baby Photo Contest winners.

Please arrive early to get good seats along the parade route for one of the largest and most colorful spring parades in the St. Louis Metro area; then join us at the Knights of Columbus Pavilion for the exciting award and crowning ceremonies! Valley of Flowers Parade 1:45 p.m. on Sunday, May 6 With Mr. Richard Cox as Parade Marshall

The Valley of Flowers Committee has selected Mr. Richard Cox owner and operator of Danmark Tire and Auto Center at 735 N. Highway 67 in Florissant as the 2018 Valley of Flowers Parade Marshall. Mr. Cox has operated the business since 1976. In the early 1980's he submitted a competitive bid for servicing vehicles for the City of Florissant. Through excellent service, he has maintained that contract year after year, keeping police cars and other city vehicles running safely. He was recently awarded a similar contract for the Florissant Valley Fire Protection District.

City employees have also entrusted Mr. Cox and his team with their family vehicles for generations. As his business in Florissant continues to grow and thrive, he is pleased to

announce the acquisition of the building adjacent to his and therefore will be expanding his operations in Florissant to better serve his customers. Danmark is a family business where Mr. Cox's son Scott is an integral part of the team. They are always quick to do a favor for many of their loyal customers.

Mr. Cox is proud to be a resident of Florissant with his family. He is a very active member of the Cornerstone Christian Church and dedicates much of his time and resources to the church.

Congratulations to Mr. Richard Cox on the expansion of his business in Florissant! The Valley of Flowers Committee is proud to have Mr. Richard Cox as the 2018 Valley of Flowers Parade Marshall.

Volunteering for a Better Florissant

While you're getting ready for the Valley of Flowers celebration, try to remember those who are less fortunate. The City of Florissant is always looking for more volunteers. Throughout our community, there are those in need of assistance to improve their living environment and, in some cases, stay in their homes. Through Project IMPACT, the Office of Community Development is seeking to improve our community by assisting those most in need. We provide volunteer groups to help residents of the City with yard clean up, painting, mowing, snow removal, or

any other task they may need. In order to accomplish our goals, we need kind-hearted citizens to help the community by helping one another. If you're looking to get more involved, contact our office because something as simple as cleaning a gutter or painting a fence could make all the difference for a neighbor in need. Help us build a better Florissant and volunteer!

Greetings Everyone,

Welcome to the **Valley of Flowers** special edition of the Focus Newspaper. Spring is in the air and whatever your interests you're sure to find outdoor fun and fulfillment in the City of Florissant.

The **56th Annual Valley of Flowers Festival** takes place May 4, 5 and 6. The theme this year is the "Valley of Flowers celebrates the Municipal Opera (Muny) at Forest Park's 100th anniversary." This is the oldest, largest and most enjoyable community festival in the metropolitan area every year, with a wide variety of family fun at two main venues. Long-time Circus Flora performer **Nino the Clown** is bringing his **Zoppe Italian Family Circus** back to Florissant for free performances at the Valley of Flowers Festival, two for the public on Friday evening May 4 and three on Saturday May 5. Visit the Eagan Center for indoor and outdoor entertainment or the Knights of Columbus grounds for a day of family fun on the rides and midway followed by some famous Valley of Flowers barbecue.

Old Town Partners will kick off their first **Wednesday Night Out (WNO)** event "Proud to be an American!" at 6:00 p.m. on May 30th in front of the VFW Post on rue St. Francois. At 5:45 we will dedicate a Walk Thru History Plaque in honor of the Vietnam Unknown who was later identified as Florissant Son, First Lieutenant Michael Blassie, a fighter pilot who was shot down May 11, 1972. The next (WNO) event in Old Town will be held on June 27th at 6:00 p.m. site to be determined and we will be dedicating a Walk Thru History plaque in honor of Dr. Paul Detrick, Sr. The third (WNO) event "Movie Night" will be on July 25th at the Old St. Ferdinand Shrine and we will dedicate a Walk Thru History plaque at 5:45 PM in honor of the late Kay Spring. August 30th will be the fourth (WNO) event "Dancing in the Street" at 6:00 p.m. from Stems Florist to Bunkers and we will dedicate our last plaque of the year in honor of the late Lowell Girardier. On September 27th we will host the last (WNO) event of the year at Hendel's starting at 6:00 p.m. For more information contact the Old Town Partners' office at 314-837-0033.

The **2018 Music Under the Stars Summer Concert Series** schedule listing times and dates will be in the Parks and Recreation section of this newspaper. Be sure to check on the scheduled performances coming to our fantastic indoor Civic Center Theatre at JJE this spring and summer by visiting our website at www.florissantmo.com or call 314-921-5678.

The first **Florissant Food Truck Knight** was held on Friday, April 20th sponsored by the Knights of Columbus and the City with future food truck nights scheduled for June 15th, August 17th and October 12th. There will be barrels to collect non-perishable canned and dry food for the nearby TEAM food pantry, and proceeds from the event will benefit Knight's sponsored charities including TEAM.

The **10th Annual Trash Bash** litter cleanup was a huge success. I want to thank City Engineer Tom Goldkamp along with all the City staff for all of their hard work. We

had over 30 volunteers that turned out at Sunset Park to pick up litter along the banks of the Missouri River. The event was part of the 10th Annual Trash Bash which was organized by MSD, Greenway Network, Great Rivers Greenway, Missouri American Water, St. Louis County, Missouri Department of Conservation, St. Louis Audubon Society and various municipalities and agencies, including Florissant.

Florissant is blessed with an outstanding Police Force. If you see something suspicious, call the **Police Department** immediately. Your assistance to our low crime rate has been an essential help appreciated by all the men and women of the Police Department. We need your eyes and ears to help to keep your neighborhood safe. I commend all the members of the Neighborhood Watch Program which continues to grow with new members.

Our Crime Prevention Officer (CPO) Steve Michael joins me to thank you for your assistance. If you are interested in becoming a part of the **Neighborhood Watch Program** or would like more information on how to start one please call his office at 314-830-6042.

Our **Electronic Recycling Drive** was held on Saturday, April 7th and I would like to send out a thank you to Midwest Recycling Center for providing the additional equipment and manpower for our electronic recycle drive at St. Ferdinand Park. By recycling your electronic equipment, you saved the energy that would be required to produce useful material and prevented hazardous components from entering the environment in landfills.

The **7th Annual Florissant Resident "Free Document Shredding Day"** was held on Saturday, April 21st at St. Ferdinand Park. The service allows residents to have their sensitive tax, bank or financial records from home shredded right in front of their eyes for peace of mind. Cintas Document Management Company was there to professionally shred the material, which was processed in a manner in which it can not be recognized or recreated. All material was then recycled. A special thanks to Meridian Waste Services for assisting the City with this event. These two events were coordinated by Health Department Supervisor Greg Koester and his staff at the Health Department.

This past tax preparation season the **Senior Office** helped more than 1,000 senior residents prepare their 2017 tax returns. I would like to commend Senior Coordinator Peggy Hogan and her staff, who always do an outstanding job in assisting seniors with this service that uses many valuable volunteers to make this available free of charge. For information on the outstanding calendar of Senior Events that are planned for the upcoming months contact the Senior Office at 314-839-7604 or view the Senior Section of this newspaper.

With summer right around the corner the **Parks and Recreation** Department is busy planning summer day camps, swim team activities, baseball, softball, volleyball and all of the other outdoor events we all enjoy playing or watching our children play.

For more information call 314-921-4466.

"Experience Public Golf at its Finest!" **Florissant Golf Club manager Don Ryan** and our customer friendly staff put customer service at the forefront of your golfing experience. With our large deck and banquet room we can handle any size golf outing. For a TEE TIME or to book your next special golf event contact the **Florissant Golf Club at 314-741-7444 or visit www.florissantgolfclub.com**. We are pleased with the improvements at the **Florissant Golf Club** made by **Course Superintendent Andy Sprunt** who has modified our 18-hole championship golf course into a beautiful facility to appeal to golfers of all skill levels. Andy hails from Great Britain, the home of golf, and has brought a taste of the old country to his adopted new home.

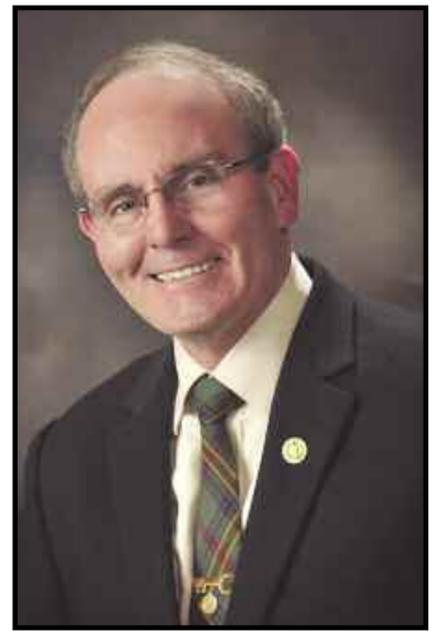

The **Public Works Department** is preparing to do **\$5,527,000 in street work** which includes \$990,000 in slurry seal resurfacing work on 112 different streets, \$450,000 in concrete pavement replacement and repairs on 23 streets, and \$1,700,000 in major street repairs with an asphalt overlay on 19 different streets. Work also includes replacement of the St. Anthony Lane Bridge over Fountain creek estimated at \$550,000 and major street and storm water work on North Lafayette Street (N.Hwy.67 to Washington) estimated at \$2,327,000. Major street repairs will begin in early spring.

The street work on N. Lafayette Street and the replacement of St. Anthony Lane Bridge over Fountain creek are made possible from grants received from East-West Gateway Coordinating Council and the Missouri Department of Transportation. Recently MoDOT completed inspections of all bridge structures in the City and found no major problems on any of our structures.

The City has been officially notified that the Insurance Services Office (ISO) an independent insurer-supported organization has upgraded our Building Code Effectiveness grade from a Class 4 to a Class 3 (Class 1 being the highest). Effective code enforcement helps keep insurance rates down and has a major influence on the economic well-being of a municipality.

The new **Municipal Court Building and Police Substation** (formerly the Dick Weber Bowling Lanes on Washington Street) is nearing completion and will accommodate a large, modern municipal court-room, court office facility and a police sub-station. Renovations will be completed and a dedication ceremony will take place this summer.

The Public Works Department has also implemented a new program to monitor and maintain **vacant properties and residential rental properties** in the City. If vacant residential property owners refuse to maintain the exterior of their properties, then the City will contract to have the work done and will bill the owner. Vacant properties left vacant for over six months must have them registered with the City so the Police and Public Works departments can keep an eye on them. Owners of residential rental properties must attend a Crime Free Seminar before they can renew their residential rental licenses for the year. These mandatory **Crime**

Free Seminars have been well received and are very informative to landlords and explains in much more detail how the City partners with landlords to monitor and maintain their properties and help keep good tenants thereby increasing all property values.

We continue to have robust **Economic Development** success. Companies of all sizes, including National brands and Developers, are proving that they believe in the future of Florissant.

There are many exciting projects that are in the **Due Diligence and Planning Phase** and we are working with the Developers to bring them to fruition anticipating more public announcements this year. BJC Hospitals has announced plans to develop a Multi-Million Dollar Siteman Cancer Center at the Christian Northwest Campus on Graham Road near 270 which are sure to stimulate even more economic growth.

Are You Sure Your Air Conditioning is Ready for the Summer Heat?

The answer to the question above may depend on how well you can physically or emotionally deal with no air conditioning if it happens to fail during a spell of very hot weather.

A check-up can spot potential issues that may cause a failure when the system is working its hardest. But the discussion goes beyond the chance of a system failure during a hot spell. Preventive maintenance of your air conditioning system components can improve the efficiency of the system and result in significant energy cost savings as well as extend the life of the system by years. An AC check-up can easily save you more than the cost of the preventative maintenance service. Most of us know that it is a good idea to have our automobiles checked over by a good mechanic before taking a really long drive, getting the AC system of your house checked before the hot weather arrives is the same idea.

Most AC systems are a big investment, preventative maintenance protects that investment. A well-maintained AC system can last up to 15 years as opposed to about 7 years for systems which have the maintenance totally ignored.

Homeowners can help by changing the air filters 4 times a year. Those filters get dirty and constrict the airflow of both the heat and AC systems. That constriction reduces

Give Goldkamp Heating and Cooling a try you'll be glad you did!

efficiency and worse, it can result in damage to the system. Unmaintained systems tend to lose capacity. In general, the costs of maintenance are far cheaper than the resulting cost for energy and repairs of an unmaintained system.

With many older AC units, the cost to upgrade them with one of the newer-technology high-efficiency units easily pays for the upgrade in a short time with the energy cost savings. Let our experienced and reputable service technicians give your AC system a check-up and we can help you stay cool in hot weather along with saving you money.

ZOPPÉ: An Italian Family Circus... with Nino the Clown

Zoppé: an Italian Family Circus, featuring Nino the Clown, has all the story and excitement of a Circus Big Top-complete with clowns, acrobats, aerialists, horses and performing dogs-just the way it used to be when Florissant was called the village of St. Ferdinand. "No seat is further than 20 feet from the action," in the 500-seat black-out tent says Giovanni Zoppé, a 6th generation performer and now the patriarch of the family-run circus. This up-close, personal and participatory circus even has a storyline evolving from Nino, a gentle, funny and endearing clown played by Zoppé, who has been trying unsuccessfully to join the circus.

Special thanks to Hispanic Festival, Inc. for their support and participation.

DOKTOR KABOOM!

"Look Out! Science Is Coming!"

Doktor Kaboom! is an interactive one-man science variety show suitable for all audiences. Creatively blending theatre arts with the won-

ders of scientific exploration, Doktor Kaboom keeps his crowds riveted with interest and rolling with laughter. Join him for a sidesplitting journey of increasingly spectacular, and often successful, experiments and demonstrations. Using masterful improvisational skills, the artist takes his audience on a sidesplitting tour of the modern scientific method while demonstrating spectacular applications of the physical sciences. Doktor Kaboom is the creation of Actor/Comedian David Epley. David has been fortunate enough to discover two passions in his life. His first, science, took him to studies at the North Carolina School of Science and Mathematics. His second, performing, became his career, and for 20 years David has made his living writing, performing, and directing original interactive comedy across the US and Canada. He now brings his passions together with an explosive style that refuses to allow his audiences time to catch a breath.

What Should Investors Know About Recent Volatility?

As you may have heard, the stock market has been on a wild ride lately. What's behind this volatility? And, as an investor, how concerned should you be?

Let's look at the first question first. What caused the steep drop in stock prices we experienced on a few separate days?

Essentially, two main factors seem to be responsible. First, some good economic news may actually have played a significant role. A 17-year low in unemployment and solid job growth have begun to push wages upward. These developments have led to fears of rising inflation, which, in turn, led to speculation that the Federal Reserve will tighten the money supply at a faster-than-expected rate. Stocks reacted negatively to these expectations of higher interest rates.

The second cause of the market volatility appears to be simply a reaction to the long bull market. While rising stock prices lead many people to continue buying more and more shares, some people actually need to sell their stocks – and this pent-up selling demand, combined with short-term profit-taking, helped contribute to the large sell-offs of recent days.

Now, as for the question of how concerned you should be about this volatility, consider these points:

Sell-offs are nothing unusual. We've often experienced big sell-offs, but they've generally been followed with strong recoveries. Of course, past performance is not a guarantee of future results, but history has shown that patient, persistent investors have often been rewarded.

Fundamentals are strong. While short-term market movements can be caused by a variety of factors, economic conditions and corporate earnings typically drive performance in the long term. Right

now, the U.S. economy is near full employment, consumer and business sentiment has risen strongly, manufacturing and service activity is at multi-year highs, and GDP growth in 2018 appears to be on track for the best performance since 2015. Furthermore, corporate earnings are expected to rise this year.

So, given this background, what's your next move? Here are some suggestions: **Review your situation.** You may want to work with a financial professional to evaluate your portfolio to determine if it is helping you make the progress you need to eventually achieve your long-term goals.

Reassess your risk tolerance. If you were unusually upset over the loss in value of your investments during the market pullback, you may need to review your risk tolerance to determine if it's still appropriate for your investment mix. If you feel you are taking on too much risk, you may need to rebalance your portfolio. Keep in mind, though, that by "playing it safe" and investing heavily in vehicles that offer greater protection of principal, but little in the way of return, you run the risk of not attaining the growth you need to reach your objectives.

Look for opportunities. A market pullback such as the one we've experienced, which occurs during a period of economic expansion and rising corporate profits, can give long-term investors a chance to add new shares at attractive prices in an environment that may be conducive to a market rally.

A sharp market pullback, such as we've seen recently, will always be big news. But if you look beyond the headlines, you can sometimes see a different picture – and one that may be brighter than you had realized.

North County Inc. Leadership Supports State Transportation Task Force Recommendations to Increase Funding

Last year, the General Assembly established the 21st Century Missouri Transportation System Task Force, a 23-member bipartisan panel comprised of participants from the House of Representatives, Senate, Executive Branch and private sector. The City of Florissant's Mayor Tom Schneider was chosen to represent the North County community as part of this panel. The Task Force was charged to evaluate and make recommendations about Missouri's transportation system and its funding.

It released its report January 2 recommending a 10 cent increase to the state's gas tax for each gallon and a 12-cent tax increase for diesel fuel to maintain Missouri's more than 3,000 miles of highway. North County Inc., along with the Greater North County Chamber of Commerce, supports the fuel tax increase.

"It is critical MoDOT receives a revenue stream that provides the ability to maintain its roads and bridges as well as funds for major capital improvements such as the reconstruction of I-270 in North County," said NCI Board Member, Florissant Mayor Tom Schneider.

"North County is among Missouri's aging, deteriorating transportation infrastructure and is in dire need of repair, maintenance and upgrades. This investment in transportation would go a long way to improving travel safety and economic development," said North County Inc. President and CEO Rebecca Zoll.

The tax increase is estimated to generate a revenue stream of \$50 to \$70 million transit and other multi-modal transportation and an additional \$430 million a year for roads and bridges. For nearly two decades, gas and diesel taxes haven't increased from 17 cents.

"Many portions of I-270 are over 50 years old and in desperate need of repair. As vehicles become more fuel efficient, there won't be sufficient funding for critical projects, such as the I-270 corridor unless the fuel tax increase recommended by the Transportation Task Force is approved by voters," said NCI Board Member, Venus Martz, president of Greater North County Chamber of Commerce and.

Transit funding in Missouri was cut to \$1.7 million for State Fiscal Year 2018. Currently, Missouri ranks 46th in the country with respect to transit funding. The proposed fuel tax hike would have to be passed by the legislature and Missouri voters.

Other organizations that are supporting additional funding for transportation infrastructure include the Kansas City area Municipal League, Kansas City Mayor Sly James, Missouri Chamber of Commerce, the Missouri Mayors United for Progress, Missouri Municipal League, Municipal League of Metro St. Louis, the St. Louis Engineers Club, along with various other leaders from design and construction engineering firms and labor organization's leadership throughout the State.

North County Incorporated (NCI), founded in 1977, is an economic and community development advocacy organization serving the North St. Louis County community with a focus on education, healthcare, infrastructure and transportation. NCI builds collaborative partnerships and coordinates resources and efforts of civic and business leaders to speak as a unified voice on regional issues.

FLEA AND TICK AWARENESS

Winter months are moving out and warmer months are moving in. With warmer weather comes the threat to your pets and homes for fleas and ticks.

Preventative care pays off in the long run considering the effects these parasites can cause to your pet and home.

FLEAS

It only takes one flea to lay thousands of eggs and once hatched can cause biting, allergy dermatitis, tapeworm and skin irritation. Once your pet comes inside your home, the eggs from fleas drop off your pet and onto your carpet, furniture and bedding. When these eggs feel motion they hatch and the cycle continues. It may take several treatments to your pet and home to eliminate the problems.

TICKS

Ticks thrive during late spring and early fall. The cold weather does not affect these parasites. Ticks are like fleas (they drink blood) and can cause diseases and serious risk to your pets such as Lyme disease.

**AS YOU CAN SEE, PREVENTIVE CARE IS THE ANSWER
CONTACT YOUR LOCAL VETERINARIAN OR LOCAL PET SUPPLY STORE**

DON'T FORGET:
