

SUNSET PARK ARCHERY RANGE GROUNDBREAKING CEREMONY

Sunset Park • March 23rd • 2:00 PM
2300 Sunset Park Dr • Florissant MO 63031

Join the Union Sportsmen's Alliance (USA), local union members, Florissant Mayor Tim Lowery and other public officials to celebrate the construction of a new archery range at Sunset Park that will feature a static range with an elevated shooting platform and a 3D walk-through range.

The new range will be available to St. Louis Bowhunters, Lindenwood University, the National Wild Turkey Federation youth program, and the public for practice and tournaments. Missouri American Water contributed \$16,000 to the project, and Local union volunteers will construct the range as part of the USA's Work Boots on the Ground program, which brings together union volunteers to complete conservation projects that improve public access and opportunities in the outdoors.
