<i>Item</i>	<i>Price</i>	<i>Description</i>			
#1	L.S.	Provide and install self-priming pump, feature pump, new storage tank for PH solution feed. The cost should include electrical upgrades for new pumps	\$20,057.43	17285.00*	*Attachment states- there is an existing 2.5" line in the filter room. We will test it to see if it runs to the existing balance tank. If that line can be used and we would not need to run a new 2.5" suction line, there would be a deduction of \$4000.00
#2	L.S.	Replace UV treatment system Bulb and wearable parts	\$1,166.73	\$1,100.00	
		<i>TOTAL (Not listed on bid page)</i>			
#3		Federal Apprenticeship Policy	100%	0%
