COUNCIL MINUTES

October 26, 2020

Due to the Coronavirus (COVID-19) Pandemic, the Florissant City Council met in a virtual meeting through a Zoom platform on Monday, October 26, 2020 at 7:30 p.m. with Council President Schildroth presiding. The Chair asked everyone in attendance to stand and join in reciting the Pledge of Allegiance.

On Roll Call the following Councilmembers were present: Parson, Siam, Harris, Manganelli, Eagan, Caputa, Schildroth, Mulcahy and Pagano, Also present was Mayor Timothy Lowery, City Clerk Karen Goodwin, and City Attorney John Hessel. A quorum being present the Chair stated that the Council Meeting was in session for the transaction of business.

The City Attorney explained that the meeting was being conducted remotely because of the Coronavirus (COVID-19) Pandemic emergency. He stated that under the Sunshine Law, Section 610.015, when an emergency existed, the members of the City Council who are not physically present in the Council Chambers, can participate and vote remotely on all matters.

Councilman Siam moved to approve the City Council Minutes of October 12, 2020, seconded by Caputa. Motion carried.

The next item on the Agenda was a *Proclamation* proclaiming Extra Mile Day.

The next item on the Agenda was Hearing from Citizens.

Rhoda Sims, resident, asked that the police patrol her neighborhood for speeding vehicles.

The next item on the Agenda was *Communications* of which there were none.

The next item on the Agenda was *Public Hearings*.

The City Clerk reported that Public Hearing #20-10-031 on a request to rezone the property located at 1620 Shackelford Road from a B-3 Zoning District to a B-5 Planned Commercial District to allow for a sit-down, carry-out, and drive-through restaurant and tenant space had been advertised in substantially the same form as appears in the foregoing publication and by posting the property. The

Chair declared the Public Hearing to be open and invited those who wished to be heard to come forward.

Wes Kistler, petitioner, explained that this would be a 2 tenant, 3,360 sf building and Domino's Pizza would be one of the tenants. The current site is an asphalt parking lot next to a post office. The old parking lot will be replaced with a new one and will have 27 parking spaces. There will be new landscaping and lighting installed along with a pole sign on Shackelford Road. In response to Councilman Harris's questions, Mr. Kistler responded that after working with Planning & Zoning, it was decided that the fences would stay, but a continuous row of shrubs/trees will be added as well. There is a 6" vertical curb between the post office and the proposed site. The building will be constructed of stone EIFS, stone veneer and stone accents. The petitioner thought that the stone would be a natural, creek stone, nothing pre-cast.

Councilman Manganelli questioned whether the stone met the city's brick requirement. The petitioner stated that Mr. Lum requested that they meet the 3 foot masonry requirement at the base of the building, which they have revised in order to comply.

Wes Kistler explained that the drive through will be on the post office side of the building. Furthermore, it is a pick-up window only, no ordering will be done. No second tenant has been selected as of now.

Being no citizens who wished to speak, Councilman Harris moved to close P.H. #20-10-031, seconded by Manganelli. Motion carried.

The City Clerk reported that Public Hearing #20-10-032 on a request to issue an amendment to Ord. No. 5713, (as amended by Ord. No. 7829) to allow for exterior alterations and to remove vehicle rentals from "Permitted Uses" for the property located at 3120 N. Hwy 67 had been advertised in substantially the same form as appears in the foregoing publication and by posting the property. The Chair declared the Public Hearing to be open and invited those who wished to be heard to come forward.

Bill Robinson, architect for Take Five, stated that they would like to make exterior alterations to the existing building to give it a fresh look. The current building, although it looks like it is made of brick, does not comply with the city's masonry code. This existing brick will remain and they would like to re-freshen it by staining it. They would also like to replace the "wrap around" material with EIFS with accent banding. A raised parapet will be added as well.

The petitioner will restripe and reseal the parking lot in order to comply with the parking ordinance. The previous tenant needed parking for vehicle rentals, which they do not need. They propose to use the existing landscaping plan, but will replant all the dead and removed foliage.

In response to Councilman Siam's question, the petitioner stated that he will look into repairing and freshening the dumpster and enclosure. Take Five is very aggressive on keeping their properties clean and well maintained, both inside and out.

The signage will be included in a separate package submitted by the sign company. The petitioner guessed that the sign company would like to take down the existing sign and replace it with something acceptable to the city.

Being no citizens who wished to speak, Councilman Siam moved to close P.H. #20-10-032, seconded by Pagano. Motion carried.

The City Clerk reported that Public Hearing #20-10-033 on a request to authorize an amendment to Special Use Permit Ord. No. 4144, as amended, to allow for a 'Restaurant Use' to become a 'Restaurant Bar Use' in an existing B-1 Zoning District for the property located at 3343 Parker Spur had been advertised in substantially the same form as appears in the foregoing publication and by posting the property. The Chair declared the Public Hearing to be open and invited those who wished to be heard to come forward.

Ms. Tonya Hester, petitioner for NOCO, stated that she proposed to open a restaurant with a bar at that location, which used to be a café. There will be no changes to the outside of the building other than updating the sign. She will also be updating the inside space. Ms. Hester will be selling liquor by the drink with meals. She will also sell top shelf liquor and cigars, but there will be no smoking on the premises. She does not plan on having any large groups or banquet settings. Councilman Parson asked that she keep the area around her restaurant clean of trash because they have a problem with debris along Parker Spur.

Subject: Request recommended approval of a Rezoning to a 'B-5' Planned Commercial District, to allow for development of a sit down, carryout, drive-through restaurant and tenant space located at 1620 Shackleford Rd (Domino's) in an existing 'B-3' Zoning District.

STAFF REPORT CASE NUMBER PZ-100520-1

PROJECT DESCRIPTION:

The request before the commission is for recommended approval for Rezoning to a 'B-5' Planned Commercial District, to allow for redevelopment of a sit down, carryout, drivethrough restaurant and tenant space located at 1620 Shackleford Rd (Domino's) in an existing 'B-3' Zoning District with plans submitted:

Floor Plan A1.0 dated 9/18/20, Photometric Plans PH1.0 and PH2.0 by Gnich Architecture Studio, Landscape Plan L1 dated 7/30/20, Site Cross Sections CS-1 and Site Development Plan C1 both dated 7/30/20 by CDI, Elevations by Gnich Architecture Studio and Anchor Sign Package 8 pages dated 3/6/20.

SURROUNDING PROPERTIES

The property to the north is a Post Office at 1650 Shackleford. The East and South property lines abut 5 residences in the 'R-4' district: 1675, 1685, 1705, 1725 Verlene Dr and 1570 Shackleford Rd.

41 **BUILDING DESIGN:** 42 The new building is proposed is 3360 square feet. The exterior of the building is 43 constructed of "to be determined stone" and EIFS. 44 45 PARKING AND DRIVEWAYS: 46 There are 28 parking spaces proposed for both tenants with a total required of 25. The parking ordinance requires 19 spaces for Domino's and 6 Spaces for retail. Parking of 47 48 10% excess is permitted. 49 50 The parking of 6 cars is proposed in front of the front yard 40 foot setback, contrary to 51 the Parking Code 405.225 for 'B-5' new developments: 52 53 "F. Supplementary Off-Street Parking And Loading Requirements. In addition to the 54 parking and loading requirements set forth herein, the following standards shall apply:... 55 56 ...6. In "B-5" Planned Commercial Districts, parking spaces and drive aisles 57 shall adhere to the minimum setbacks of the underlying zoning district." 58 59 Traffic pattern is clearly identified with traffic arrows on C1. 60 61 **WALKWAYS:** 62 Proposed is a walk way that is shown around 3 sides of the building. 63 64 LANDSCAPING: 65 L1 shows compliance with the landscape ordinance in the chart for Planting 66 Requirements. 67 68 69 STORMWATER AND SEWER CONCEPT: 70 Concept grading and drainage are shown on sheet C1. Drainage is indicated by diamond 71 notes 1 and 2 which notes the creation of a barrier curb on the North line and drainage on the South property line directed into an existing 15" reinforced concrete pipe. 72 73 74 75 SITE LIGHTING: 76 There are two sheets of drawings, PH1.0 and PH2.0 devoted to lighting the site. The lights will be 25 feet tall. The Photometric drawing indicates that the light levels will 77 78 range well over 0.5 foot candles around the building and front and rear to a low of 79 less than 0.5 foot candles abutting most residential property. The highest intensity is 80 directly below the lights and disperses evenly over the lot. 81 82 SIGNAGE: 83 The proposal includes areas for wall signs of 24 s.f. and there is a pole sign and a

directional sign. The 15 foot tall Post Sign is located <u>in proximity to</u> the front property line. Therefore, all signs conform to the dimensions and construction of signs

according to the Florissant Code, but the post sign does not meet the code for location

84

85

86

and therefore, location must be considered for further recommendation and inclusion in the 'B-5' ordinance, as such locations are stated under city code section 520.090

520.090 Post Signs

[Code 1980 §23-9; CC 1990 §5-199]

A. No post sign shall extend downward nearer than ten (10) feet to the ground or pavement unless such sign is so located on the premises where there is no walk or drive-in traffic. Such excepted sign shall not extend downward nearer than six (6) feet six (6) inches to the ground level. All post signs shall be constructed of sheet metal or other non-combustible materials. Post signs shall be constructed and braced to withstand a horizontal wind pressure of not less than thirty (30) pounds for every square foot of surface exposed and shall be securely attached to the pole or post in an approved manner. No post sign erected on private property shall extend more than four (4) feet six (6) inches from the building line, including attachment irons and the like, unless the sign is less than four (4) feet six (6) inches in height, in which case the maximum projection shall be six (6) feet six (6) inches from the building line. No post sign shall exceed twenty-five (25) feet in height.

B. Post signs are prohibited on shopping centers; but a special permit authorizing the location of a post sign may be issued by the Council if the Council finds that the issuance of such permit shall alleviate a hardship and is not simply for the convenience of the applicant, that such proposed sign would be consistent with good planning practices, can be maintained in a manner which is visually compatible with the use of the property in the surrounding area and other sign structures within the surrounding area and is not located in the historic district.

The petitioner <u>shall research</u> exterior materials records for information on Life Cycle of materials proposed in lieu of compliance with the masonry ordinance.

Subject: Request Recommended Approval to amend a 'B-5' Planned Commercial District, Ordinance No. 5713 (as amended by Ord. No. 7829) to allow for exterior alterations and to remove vehicle rentals from permitted uses, located at 3120 N. Highway 67 in an existing 'B-5' Zoning District.

STAFF REPORT CASE NUMBER PZ-100520-2

I. PROJECT DESCRIPTION:

The request before the commission is for Recommended Approval to amend a 'B-5' Planned Commercial District, Ordinance No. 5713 (as amended by Ord. No. 7829) to allow for exterior alterations and to remove vehicle rentals from permitted uses, located at 3120 N. Highway 67 in an existing 'B-5' Zoning District.

The previous Uses permitted included rental vehicles placed on the lot, however, this petitioner does not need to rent vehicles and suggests the removal of the amendment that allows rental vehicles.

MoDOT has widened paving since the building was built and has affected the amount of paved area on the lot and building setabacks.

39 Attached plans include Floor Plan A-100 and A-200 dated 7/22/20 by Childrey Robinson 40 Associates, S1.0 and S2.0 dated 9/18/20. 41 42 II. SURROUNDING PROPERTIES 43 The property surrounding is 3160 N Highway 67 Walgreens. 44 45 **BUILDING DESIGN:** 46 The new building is 1915 square feet existing per County record, but a maximum of 1920 s.f. per ordinance no. 5713. The existing exterior of the building is constructed of load 47 48 bearing brick. This was a product that was a clay fired structural unit with open cells like 49 a CMU block, therefore, did not originally comply strictly with the masonry ordinance 50 due to the unit cross section being less than 75% clay material. 51 52 The proposed alterations include: 1. An addition of a tower on one corner of the building, 53 54 2. new doors and windows 55 3. 2 colors of Brick to remain or Paint over the clay fired structural brick. 56 4. Paint sheet metal coping. 57 5. Replace existing 5 foot canopy/banding with EIFS. 58 59 **PARKING AND DRIVEWAYS:** 60 The code requires 3 parking per bay although the petitioner describes service while 61 vehicles are occupied, so little or no waiting room is required. 62 63 Traffic pattern is clearly identified with traffic arrows on S1.0. 64 65 Plan shows 10 parking spaces outside and 3 inside for a total of 13. 66 67 LANDSCAPING: 68 S2.0 indicates no changes in landscape and the replacement of dead plants. 69 70 71 **SIGNAGE:** 72 73 The proposal includes no new signs and therefore signs shall comply with previous ordinance restrictions. 74 75 76 77 IV. STAFF ANALYSIS: 78 The building as presented does not comply with the masonry ordinance, however is a 79 clay fired product. Staff recommends either leaving the brick faces to be cleaned or to use a breathable stain. 80 81 82 The parking spaces and number of spaces provided meets the parking code. The drive 83 aisles comply with width requirements for one way drives predominantly because of the 84 road widenings. There is one entrance drives from N. Highway 67 and one from New Halls Ferry. 85

The tower is about 5'x16' and 20'-4" tall while the remaining building is 16' tall.
Exterior materials are also noted either brick or EIFS.
SUGGESTED MOTION
I move for Recommended Approval to amend a 'B-5' Planned Commercial District,
Ordinance No. 5713 (as amended by Ord. No. 7829) to allow for exterior alterations and
to remove vehicle rentals from permitted uses, located at 3120 N. Highway 67 in an
existing 'B-5' Zoning District, with these conditions being part of the record:
Recommend abolishment of Ord. 7829 which allowed for U-Haul rental vehicles on-site.
Add attached plans: Floor Plan A-100 and A-200 dated 7/22/20 by Childrey Robinson
Associates, S1.0 and S2.0 dated 9/18/20.
Changes to Ord. No. 5713:
Section 2, para 2, a. Shall be changed to read:
a. Total gross floor area of the building shall not exceed 2120 s.f. with a maximum
height of 22 feet.
Section 2, para 6, h. 1 and 3 shall be changed to read:
h. Miscellaneous Design Criteria
1. All applicable parking, circulation, sidewalks and all other site design features
shall comply with the 2018 International Building Code
3. The building shall be constructed of unpainted load bearing brick with the wall
units to be either a 4" face brick or a park rose atlas brick unit either 6"x4"x16" or
8"x4"x16".
a. Tower addition shall be constructed of EIFS facing, heavy duty below
36" and compatible in color with existing load bearing brick units.
b. Flat canopy shall be constructed of compatible EIFS facing as shown on
attached Elevations A200 dated 7/22/20.
c. opaque stan of brich accepted. No brick shall be painted
7. PROJECT COMPLETION.
Construction shall start within 60 days of the issuance of building
permits, and the development shall be completed in accordance of the final
development plan within 180 days from start of construction.
(End report and suggested motion)

The Tenant shall, at its own cost, repair any damage caused by the removal of trade fixtures, equipment and machinery, restoring the leased premises to their original condition, usual use and wear excepted. The Tenant agrees to save the Landlord harmless on account of claims for mechanics, materialmen, or other liens in connection with any alterations, additions, or improvements to which the Landlord may give its consent in connection with the leased premises, and the Tenant will, if required by the Landlord, furnish such waiver or waivers of lien or bond in form and with surety satisfactory to the Landlord, as the Landlord may require before starting any work in connection with making alterations, additions or improvements to the leased premises.

Article 4 ASSIGNMENT OR SUBLETTING

4.1. The Tenant covenants not to assign this Lease nor to sublet or sublease the premises or any portion thereof, nor license, suffer or permit any person to occupy or use the same without the prior written consent of the Landlord in writing.

Article 5 EXPIRATION OR OTHER TERMINATION

5.1. The Tenant covenants, at the expiration or other termination of this Lease, to remove all goods and effects from the leased premises not the property of the Landlord, and to yield up to the Landlord the leased premises and all keys, locks and, except as provided in Article 3 hereof, other fixtures connected therewith (including, but not limited to, exterior gutters, exterior electrical and other wiring, exterior plumbing, and interior and exterior heating, air conditioning, and ventilation units and equipment and all associated connections), and all alterations, additions or improvements to or upon the same, in good repair, order and condition in all respects, reasonable wear and tear by the careful use thereof only excepted but including any loss or damage to the same from any cause whatsoever (including, but not limited to, arson, vandalism, or theft), and the Tenant authorizes the Landlord to store in any public warehouse or elsewhere and in the name and at the risk and expense of the Tenant any personal property not so removed, or to sell at public or private sale, without notice, any or all of said property not so removed and to apply the net proceeds of such sale to the payment of any sum due hereunder, or to destroy such property without any obligation on the part of the Landlord.

This covenant of the Tenant relating to the use of the leased premises and of the building and of anything therein shall be construed to include the use thereof by the Tenant's servants, agents, employees, customers or visitors.
- 7.2 The Tenant agrees to insure and keep insured, during the entire term of this Lease, at Tenant's sole expense, but in the name of the Landlord, the demised premises for loss or damage by fire and all other casualties (extended coverage) in at least the sum of \$1,000,000 in companies reasonably satisfactory to the Landlord, and shall pay all premiums as they become due and will deliver copies of such policy or policies to the Landlord immediately upon procurement thereof. Article 8 REMEDIES IN THE EVENT OF DEFAULT

- 8.1. In the event of any breach of this Lease by the Tenant which shall not have been cured within ten (10) days then the Landlord, besides other rights or remedies it may have, shall have the immediate right of reentry and may remove all persons and property from the premises; such property may be removed and stored in a public warehouse or elsewhere at the cost of, and for the account of, the Tenant. Notwithstanding anything to the contrary, in the event the Tenant has failed to comply with the terms of this Lease on two or more occasions in any twelve (12) month period then Tenant shall not have the forgoing ten (10) day grace period and Landlord may immediately declare Tenant in default hereunder and exercise any of Landlord's remedies as provided in this Lease and/or at law and/or in equity.
- 8.2. Should the Landlord elect to reenter as herein provided, or take possession pursuant to any notice provided for by law, Landlord may either terminate this Lease or may, from time to time, without terminating this Lease, relet said premises or any part thereof, for such term or terms and at such rental or rentals and upon such other terms and conditions as the Landlord may deem advisable. Rentals received by the Landlord from such reletting shall be applied: first, to the payment of any cost of such reletting; and second, to the payment of rent due and unpaid hereunder; and the balance, if any, shall be held by the Landlord and applied in payment of future rent as the same may become due and payable hereunder. Should rentals received from such reletting during any month be less than that agreed to be paid during the month by the Tenant hereunder, the Tenant shall pay such deficiency to the Landlord monthly. The Tenant shall also pay to the Landlord, as soon as ascertained, the cost and expenses incurred by the Landlord in such reletting.

Article 9 INDEMNIFICATION

9.1. To the extent allowed by law, the Tenant agrees to indemnify and defend the Landlord against, and hold it harmless from, any and all suits, demands, loss or liability, on account of or in connection with any injury, loss or damage to any person or property resulting or claiming to have resulted from the use of the leased premises by the Tenant, its servants, agents, employees, customers or visitors, or for that portion of the building not within the Tenant's exclusive control (including, and without any implied limitation, both the areas inside and outside thereof) resulting or claimed to have resulted from the Tenant's omission, fault, negligence, or other misconduct.

Article 10 LANDLORD'S ACCESS TO PREMISES

10.1. The Landlord may, at any reasonable time during the Tenant's occupancy, enter either to view the leased premises, or to make repairs thereto or to the building, or to introduce or replace Tenant Initials

10.2. Tenant shall at, its sole cost and expense, enter into a maintenance contract with a Landlord approved HVAC contractor pursuant to which the air conditioning and heating equipment exclusively serving the Premises will be routinely serviced, maintained and repaired. Tenant will deliver copy of such contract to the Landlord within 30 days of the Lease signing. Tenant shall also be responsible for replacing the air conditioning and heating equipment exclusively serving the Premises when necessary at its sole cost and expense.

Article 11 QUIET ENJOYMENT

- 11.1. The Landlord covenants and agrees that the Tenant, subject to the terms of this Lease, and upon paying the basic monthly rental and additional rent and performing the other terms, covenants and conditions of this Lease, shall and may peaceably and quietly have, hold, occupy, possess and enjoy the leased premises during the term of this Lease.
- 11.2. Tenant shall not permit noise to emanate from the premises at a sound level which shall in any way disturb other Tenants of the building and/or surrounding neighbors. Tenant agrees that if at any time Tenant violates any of the provisions of this Article, such violation shall be deemed a breach of a substantial obligation of the terms of this Lease. If Tenant incurs three written noise disturbance notices, the Landlord shall have all the rights, and remedies for a default under this Lease and/or at law and/or in equity, including without limitation, the right to terminate possession and/or to terminate this Lease.

Article 12 SUBORDINATION AND SALE OF THE LEASED PREMISES

- 12.1. The Tenant hereby agrees to subordinate the lien of this Lease to any new first mortgage (or deed of trust) that may be placed on the land and buildings of which the leased premises are a part, or a blanket mortgage, if any, owned by the Landlord by a bank, trust company, insurance company, or other lender, and the recording of such new mortgage shall be deemed prior in lien to this Lease, and the Tenant will, upon demand, but at the expense of the Landlord, execute any instrument necessary to effectuate such subordination, and if the Tenant, within seven (7) days after submission of such instrument, fails to execute the same, the Landlord is hereby authorized to execute the same as attorney-in-fact for the Tenant.
- 12.2 In the event that Landlord shall sell the real estate of which the leased premises is a part, then this Lease shall at the option of Landlord terminate. Landlord shall exercise such option by providing notice of the exercise of the option to Tenant at least thirty (30) days prior to the date of the transfer of title to the real estate. the Lease shall terminate which date shall be at least thirty (30) days following the exercise of the option (the "Termination Date"). On the Termination Date, the Lease shall terminate as well as the Tenant's right to possession of the leased premised. On or before the Termination Date, Tenant shall pay all amounts due pursuant to this Lease prorated to the Termination Date. Should the Tenant fail to vacate the leased premises by the Termination Date, Tenant shall indemnify and hold Landlord harmless from any and all costs, expenses, losses, damages, interest, and other liabilities, including, but not limited to attorney's fees, of any nature, character, or description, arising out, connected with, or related to, in whole or in part, Tenant's failure to vacate the leased premises by the Termination Date, which indemnification obligation shall be in addition to any and all other rights which Landlord may have against Tenant pursuant to this Lease or pursuant to law.

Article 13 SECURITY DEPOSIT

13.1. Tenant has deposited with Landlord the sum of Three Thousand Dollars (\$3000.00) as security for the faithful performance and observance by Tenant of the terms, provisions and conditions of this Lease. It is agreed that in the event Tenant defaults in respect of any of the terms, provisions and conditions of this Lease, including, but not limited to, the payment of rent and additional rent, Landlord may use, apply or retain the whole or any part of the security so deposited to the extent required for the payment of any rent and additional rent, or any other sum as to which Landlord may expend or may be required to expend by reason of Tenant's default in respect of any of the terms, covenants and conditions of this Lease agreement, including, but not limited to, any damages or deficiency in the reletting of the leased premises, whether such damages or deficiency accrued before or after summary proceedings or other reentry by Landlord. If Landlord applies any part of said deposit to cure any default of Tenant, Tenant shall upon demand deposit with Landlord the amount so applied so that Landlord shall have the full deposit on hand at all times during the term of this Lease.

In the event that Tenant shall fully and faithfully comply with all of the terms, provisions, covenants and conditions of this Lease, the security shall be returned to Tenant, without interest, after the date fixed as the end of the Lease and after delivery of the entire possession of the leased premises to Landlord. In the event of a sale or lease of the land and/or building, of which the leased premises form a part, Landlord shall have the right to transfer the security to the vendee or lessee, and Landlord shall thereupon be released by Tenant from all liability for the return of such security, and Tenant agrees to look to the new Landlord solely for the return of said security, and it is agreed that the provisions hereof shall apply to every transfer or assignment made of the security to a new Landlord. Tenant further covenants that it will not assign or encumber or attempt to assign or encumber the monies deposited herein as security and that neither Landlord nor its successors or assigns shall be bound by any such assignment, encumbrance, attempted assignment or attempted encumbrance.

No amounts owed, or allegedly owed, by Landlord to Tenant, whether arising under this Lease or in any other manner, may be deducted or setoff against the rental payments due.

Any such fees shall be considered additional rent, payable at the time the next monthly installment of rent is due.

City of Florissant, Missouri

2021 Revised Budget

November 4, 2020 Budget Workshop Adjustments

955 rue St. Francois Florissant, Missouri 63031 314-921-5700 www.florissantmo.com

<u>City of Florissant, Missouri</u> <u>2021 Budget Message</u>

Honorable Members of the City Council and Citizens of the City of Florissant:

As Mayor of the City of Florissant, it is my responsibility to submit a proposed budget for the upcoming 2021 fiscal year. The proposed budget of just over \$37 million is submitted in compliance with Section 6.6 of the City Charter and Section 67.010 of the Missouri Revised Statutes. The 2021 proposed budget provides a complete financial plan for the general, capital improvement, park improvement, street, property maintenance, public safety, sewer lateral, and property revitalization funds.

This budget contains the framework to continue to operate the City in a professional manner while providing the high level of programs and services our residents expect. One of my goals with this proposed budget, as with past budget proposals, is to anticipate expenditures for the next fiscal year so as to reduce the need for supplemental appropriations, recognizing that it is impossible to eliminate them completely.

The COVID-19 global pandemic struck the United States in March 2020, and prompted national, state, and local responses including mandatory closure of non-essential businesses, stay-at-home orders, social distancing protocols, and other required and/or recommended restrictions and activities. In response to these mandates, the City of Florissant closed many city facilities, including City Hall, and implemented a shared work program whereby many city employees worked from home or received partial furloughs. As I continued to keep the essential functions of the government operational during the pandemic times, I made sure that we still delivered the best services to our residents in a safe and efficient manner. The health and safety of the residents of the city and city employees is paramount throughout this pandemic. As the restrictions eased, the city was able to re-open City Hall on September 14 and most of the employees are back to working their normal hours.

Since the city had no knowledge of the oncoming pandemic when the FY2020 budget was developed and approved, there were no provisions in that budget for reduced revenues or costs due to the pandemic. Consequently, the city will experience revenue shortfalls in FY2020 as compared to budget, primarily in the consumption taxes, such as sales tax, and in activities where admission fees are charged. Accordingly, the city reduced expenditures in all areas except public safety to partially compensate for the reduced revenues. While the restrictions due to the pandemic have eased, there will likely still be an economic impact well into FY2021. Careful consideration has been given to the expenditures in the budget so as to reduce the expenditures without decreasing the level of essential services provided by the city.

Projected revenue dictates the level of programs and services that can be funded. In this regard, some categories of revenue sources have produced less than anticipated results due to the continuing changes in technology, buying habits and State legislation. As a result those revenues have not kept pace with former expectations making it more challenging to fund the cost of services.

The City Administration and the City Council continue to review cost reduction and revenue generating strategies to allow Florissant's city government to continue to provide the level of services and programs that our residents have come to appreciate and expect without compromising the required reserve.

A healthy reserve is crucial to maintaining a consistent level of services and programs over time. Reserves provide the cushion necessary to bridge the fluctuations in the City's revenue streams from one year to the next. The general fund is projected to have a reserve balance of \$6.2 million at the end of the 2021 fiscal year. It is projected that the general fund will have a reserve balance of 26.8% of the proposed budget and above our policy of targeting a reserve balance of at least 10%.

Sales tax and Utility tax are two of the most substantial revenue sources in the General Fund. The City has experienced a decline in both of these consumer driven revenue streams over the last several years. Due to the uncertainty that the COVID-19 pandemic has brought, the 2021 Sales Tax is budgeted just under the 2019 actual at \$7,955,000. The Utility Tax continues to decrease each year and is budgeted with a reduction from the 2020 projected revenue at \$5,003,622.

Due to the continued reduction in Sales tax and Utility tax revenue, in conjunction with increased cost of providing services, the Proposed 2021 general fund budget reflects a deficit in the amount of \$1,445,671, which would require an appropriation from the General Fund Reserve.

Other Funds' 2021 Sales Tax revenue budget comparison to 2020 budget are anticipated to be at the same level as 2020 with no change:

Public Safety Fund Capital Improvement Fund Park Improvement Fund Street Improvement Fund

Every Municipality is a service organization and at the heart of our ability to serve our residents is the effectiveness of our employees. Being the former Chief of Police I know firsthand the importance of appreciating the needs of our great employees.

In July 2014 a new pay plan was adopted by the City Council which gave all full-time employees a new pay schedule which provides for a 2% merit pay step increase. The 2021 proposed budget continues to provide a 2% merit increase to eligible personnel.

The budget proposal calls for increasing our minimum wage to stay with the Missouri minimum wage increase for the part-time employee schedule for January 2021. Seasonal will remain the same. This will allow the City to continue to stay competitive in our recruitment efforts and maintain necessary staffing levels.

It is recommended that the City will continue to pay 100% of employee health care premiums and 50% for dependent premiums. We have had some major claims and projected a 10% premium increase for 2021.

The City is experiencing increases in business insurance cost that affect the 2021 Budget. Workers Compensation premium is projected to increase 55% and Business, Law Enforcement, Property and Auto Insurance premiums are projected to increase 25%.

As Mayor, I intend to focus on economic development in Florissant by working with commercial developers, real estate brokers, and community stakeholders throughout our city and the greater North County area, in an effort to stimulate economic activity to benefit our businesses and residents.

If we are going to have continued economic development success, we will need to focus on key aspects of potential growth including enhancing Saint Francois Street, filling vacancies, and diversifying our business sectors. This will be accomplished through our economic development department using the implementation of a strategic plan. In order to acquire the strategic plan, economic development will partner with other city departments in writing a request for proposals from planning firms. This plan will enable our staff to move forward with enhancements regarding business growth as well as residential growth.

Some highlights of new business establishments that have opened this year include:

- 1) Planet Fitness
- 2) La Patisserie
- 3) Made by Lia
- 4) Freddy's
- 5) Edward Jones Joe Meyer Office

Currently under construction:

- 1) Storming Crab
- 2) Club Car Wash (adjacent to old Lowes)
- 3) Discount Tire (adjacent to old Lowes)

Additionally, there are many exciting projects that are in the due diligence and planning phase and we are working with the developers to bring them to fruition. We can anticipate more public announcements this year, 2021 and beyond.

I believe the proposed budget presents a reasonable and conservative framework for continuing a high level of services given the issues facing the City, both now and in the future. Highlights of the proposed budget include the following:

A. The Administration is still researching pension alternatives, including Lagers, in an effort to provide a total compensation package to be as competitive as possible to continue to attract and retain outstanding Florissant police officers.

- B. Throughout these difficult times in 2020 our Media Department has strived to broadcast positive and helpful messages and programming through all of our outlets. Our social media following has soared to over 25,000 followers collectively. The Florissant Media Department will continue their success in 2021 by continuing to film and promote positivity, commerce, activities and everything else that our wonderful city and its residents have to offer.
- C. The I.T. department had unique challenges in 2020. We've worked diligently to keep our employees connected while their work environments and needs have changed throughout the year. We have also continued to refine our wide area building-to-building network with cost saving measures and failover redundancies. Information Security has been enhanced with a new anti-spam application, new firewalls, increased policy restrictions, and quick resolutions to out-of-network phishing attacks.
- D. Continue to fully fund the salary plan for full-time non-uniformed personnel that the City Council passed in July 2014.
- E. The hours for part-time positions continue to be limited so that no part-time position will be regularly scheduled to work more than 29 hours per week.
- F. The Park Improvement budget includes:
 - \$67,300 for the purchase of a Rotary Mower to assist with the maintenance at the Golf Course.
 - \$20,000 has been budgeted to remove the rocks adjacent to the Splash Pad and replace them with concrete.
 - \$30,000 has been budgeted to replace the fencing at Dunegant Park.
 - \$114,000 to replace zero turn mower and purchase wide area mower and Ventrac mower for Park Maintenance.
 - \$71,600 has been budgeted for the leasing of Parks Department vehicles.
 - \$735,395 has been budgeted to install an inclusive Playground at Manion Park for which \$525,000 will be reimbursed through the St. Louis County Municipal Parks Grants
- G. The City will continue to provide funding for programs the families of Florissant have come to know and love: The St. Louis Family Theater Series, Valley of Flowers Festival performers and the celebrated Music Under the Stars concert series.
- H. The proposed budget includes \$2,200,000 in funding for street, road, bridge and sidewalk work.

Capital Improvement fund is budgeted for \$800,000 in street maintenance contracts including:

Asphalt overlays and preservation and Concrete pavement slab replacement. \$50,000 will be used for routine bridge repair and \$50,000 will be used for annual sidewalk repair.

Proposition S, the street sales tax, will be the conduit for \$1,400,000 in street projects including:

- \$200,000 is budgeted to accomplish the St. Ferdinand and North Highway 67 project. These major street projects are facilitated under the auspices of a Federal public improvement grant through the East-West Gateway Council of Governments. The city will receive 80% or \$160,000 of the cost of the St. Ferdinand and North Highway 67 project back in grant revenue. The long-standing practice of utilizing grants to help fund projects for our bridges and roadways is a very cost-effective approach enabling Florissant to leverage the maximum value from tax collections.
- \$1,200,000 from the street sales tax will fund the continuous major street projects to restore curb and riding surfaces to like new condition. 2020 saw the replacement of Eldorado Drive, Florisota Drive, Jeanette Drive, Alberto Lane, Monterey Drive, Pompano Lane, St Edward Lane with new concrete pavement and Mc Nulty Drive with new curbs and asphalt surface.

I wish to thank Chief Fagan and his Command Staff, Public Works Director Todd Hughes and his staff, Parks Director Cheryl Thompson, and her staff and all of the Department Heads for their diligence and hard work in assisting the administration in the preparation of the proposed budget. I wish to thank Finance Director Kimberlee Johnson for the hard work and commitment to complete the 2021 budget and I commend all of the employees of the City of Florissant for their dedication to the residents of our City.

I look forward to discussing the proposed budget with the Florissant City Council and to continue to work together for the progress of our city.

Respectfully Submitted,

Timothy J. Lowery Mayor

Re: 2021 Missouri Minimum Wage Increase for Part-time Employees

On the November 6, 2018, the State of Missouri had on the ballot Proposition B to increase minimum wage requirements by \$.85 cents an hour and reaching \$12.00 per hour by 2023. The requirement became effective January 2019. As a result, the City increased our minimum wage and we would like to continue to keep pace with other industries and organizations. **Effective January 1, 2021, the Missouri minimum wage will increase to \$10.30.** Therefore, the City would need to amend Ordinance 8586 which establishes the compensation plan for Part-time employees.

Department Heads have budgeted the necessary funds in their 2020-2021 proposals to reflect the increase in the minimum wage. Based on each position's duties and the previous rates, the increase will cause a major change in the scales to continue to distinguish skill levels and requirements. Hopefully, this will continue to help reduce our turnover rate with our part-time staff.

I recommend implementing the new minimum wage effective **January 1, 2021 for part-time employees only** (seasonal will not change). Let's stay competitive and continue to provide incredible services to our residents and guests of the City of Florissant.

Re: Amendment to Add Deputy Court Clerk Title

Enclosed you will find a request to amend our Classified Salary Ordinance to add the title of Deputy Court Clerk at a Grade 5.

For many years, the Municipal Court has operated without a Deputy Court Clerk. Most courts have a Deputy Court Clerk that can meet monthly deadlines, make sure requests are handled in a timely manner, and assist with questions and/or problems in the Court Clerk's absence.

The Deputy Court Clerk is required to be an active member of the Missouri Association for Court Administrators for 4 years and attend the Educational Conference yearly to obtain the certification by the committee. Elizabeth Allen started this journey in May of 2018 and will obtain this certification early Spring 2021.

With this change Elizabeth Allen would assume this position once she receives her certification in early Spring 2021. We are not adding an additional position to the Court. We would promote internally and make Elizabeth's position the Deputy Court Clerk instead of her current title of Assistant Court Clerk.

If you have any questions or need additional information please feel free to contact me.
