Mayor Lowery is excited to announce the opening of Fusion 314, the new Florissant Esports Gaming facility located inside our James J. Eagan Center. Fusion 314 brings a one-of-a kind recreational and competitive video gaming experience to Florissant and St. Louis. The result of 2 years of collaboration, community input, design, construction, innovation, and implementation, we're proud to offer this new amenity to all ages, all walks of life.

We've equipped Fusion 314 with 20 high powered gaming computers which we built by hand, Secret Lab Titan gaming chairs, 4 Nintendo Switch and PlayStation 5 gaming areas with 65" TVs, colorful lighting, comfortable lounge seating, a concession stand, a table-top board gaming area, and even an old school stand-up Pac-Man & Donkey Kong arcade game.

Fusion 314 is projected to offer open-play to the public, tournaments, leagues, summer and winter camps, computer classes for seniors, party rentals, table-top board gaming and much more! We are looking forward to opening to the public mid-February; exact date coming soon.
